

Guildex 2020 Update

18 June 2020

The Guild Events Committee continues to work towards a decision about Guildex 2020. This relies on reaching a satisfactory agreement with the Telford International Centre (TIC). Discussions have been taking place since the start of the pandemic, and are ongoing.

Richard Clark, Alan Redgwick and Jackie Kneeshaw have had a Zoom meeting with the Managing Director and our personal exhibition manager at the TIC this morning.

The TIC said that an announcement from the Government via the Association of Event Venues is imminent and this will provide us with the facts required to make an informed decision.

The safety of the public, all exhibitors, and the organisers is our top priority. Another discussion will take place next week and a decision will be made at that time.
